- **CPPRA:** Only the submitting Applicant PI can access and click the “Submit to Signing Official” button. Prior to this, the Co-Principal Investigator (not including the submitting Applicant PI) is required to download and complete the Signature Page for Non-Submitting Institutions, obtain the required signatures, and upload a scanned copy.

After the proposal is submitted by the signing official, an automatic email confirming the electronic submission of the proposal will be sent to the applicant and the signing official.

- **CPPRA:** The Co-PI will also receive the email confirmation.

You may generate a PDF copy of the full proposal at any time by clicking the **“Preview”** button that appears at the top of each section of the application.

To avoid loss of data, we recommend that you save your work every 10 to 15 minutes. For security reasons, if your session is idle (i.e. if you don't press **“Save”** or click on a link to move to another page) for an extended period of time, you will be automatically logged off and any unsaved data will be lost.

Responses entered at the LOI stage will be automatically entered in the full application stage. Please review all of the pre-populated information, make updates or changes as necessary, and save the form(s).

Appendix C: Project Personnel Roles – Definitions, Guidelines, and Biosketch Requirements

The Research Grants Program Office uses NIH definitions for allowable roles in the project personnel:

- **Applicant Principal Investigator:** The Principal Investigator (PI) serves as the proposal applicant, and is the recipient of the award. He/she serves as the project's main research and administrative contact, and is responsible for providing progress, fiscal and other reports to the Program office. See the call for applications for eligibility requirements.
 - Note: there is only one applicant who serves at the PI; there is no such role as Co-Principal Investigator or Co-PI (except for partnered awards).
 - A **Biographical Sketch** must be provided for the Applicant Principal Investigator.
 - University of California Investigators who do not have PI status at the University must submit evidence of a waiver of UC PI status in the Appendix. This does not apply to fellowships.
- **Co-Principal Investigator:** *Only for partnered award types which allow multiple PIs, Co-Principal Investigators (Co-PIs) serve as an equal proposal applicant, and is the recipient of a separate award for the proposed project. He/she serves as the main research and administrative contact for his/her institution, and is responsible for providing progress, fiscal and other reports to the Program office. See the call for applications for eligibility requirements.*
 - *Refer to the program's call for applications for the description of partnered mechanisms which allow a Co-Principal Investigator or Co-PI.*
 - A **Biographical Sketch** must be provided for the Co-Principal Investigator.
 - University of California Investigators who do not have PI status at the University must submit evidence of a waiver of UC PI status in the Appendix. This does not apply to fellowships.
- **Co-Investigator(s):** Co-investigators (Co-Is) are defined as individuals with independent responsibility for the design, conduct and reporting of research, whether or not their salaries are included in the Budget request. Typically, these individuals have doctoral or other professional degrees, although individuals with master's or baccalaureate degrees should be included if their involvement meets the definition of co-investigator.
 - A **Biographical Sketch** must be provided for each co-investigator listed.
 - A Co-Investigator as part of a subcontract from a University of California campus must have UC PI status.
 - University of California Investigators who do not have PI status at the University must submit evidence of a waiver of UC PI status in the Appendix.
- **Trainee(s)** are defined as undergraduate students, graduate students, and most postdoctoral researchers who do not meet the definition of Principal Investigator or Co-Investigator. Use "TBN-1, TBN-2..." for trainees or staff to be hired at a later date.
 - Do not provide Biographical Sketch for trainees.
- **Dissertation Advisor(s)** are senior investigator(s) responsible for guiding the applicant's dissertation research. This role serves as the mentor for the predoctoral applicant.
 - Predoctoral applications require at least one dissertation advisor, and may have limited or no other project personnel involved.
 - The dissertation advisor must provide a blinded letter of recommendation through the **Letters of Recommendation** section (select Mentor Referee) on SmartSimple. Refer to the application instructions for additional details.
 - A **Biographical Sketch** must be provided for the dissertation advisor.
 - A percentage % effort is not required from the dissertation advisor.

- **Research Mentor/Advisor(s)** are senior investigator(s) responsible for guiding your postdoctoral research. This role serves as the mentor for the post-doctoral applicant.
 - Postdoctoral Fellowship requires at least one research advisor, and may have limited other personnel involved.
 - The research advisor must provide a blinded letter of recommendation through the **Letters of Recommendation** section (select Mentor Referee) on SmartSimple. Refer to the application instructions for additional details.
 - A **Biographical Sketch** must be provided for the research mentor/ advisor.
 - A percentage % effort is not required from the research mentor/ advisor.

- **Advocate(s)** are individuals who provide the experience and knowledge of those affected by the disease to inform the design, conduct and reporting of the research. Advocates are associated with an advocacy organization or community pertinent to the project. *Advocates are only required for awards in the California Breast Cancer Research Program.*
 - The advocate participation in the project must be described using the **Advocacy Involvement** template and the project confirmed using the **Letter of Commitment** template.
 - All advocacy costs must be budgeted and justified in the Advocacy Expenses in the Other Project Expenses section of the budget.
 - A biographical sketch may be included for the advocate.
 - A percentage % effort is not required from the advocate.

- **Consultant(s)** are project participants who provide a well-defined and restricted service. Provide the names and organizational affiliations of all consultants, other than those involved in consortium/contractual arrangements. Include consultant physicians in connection with patient care and persons who serve on external monitoring boards or advisory committees to the project. Payment of a consultant's services, exclusive of expenses, may not exceed the consultant's normal rate or the daily maximum rate established by the University, whichever is less.
 - All consultant costs must be justified in the **Budget Justification**. It is expected that consultant services will be limited to those essential services that are unavailable at the prime institution, and that the costs will not constitute a significant portion of the proposal budget (generally 10-15% of direct costs or less).
 - A **biographical sketch** may be included only if the consultant serves in a senior research capacity.

- **Research Support Staff** are individuals providing technical services in support of the research project. Include only those roles that are directly involved in the research project. Administrative, secretarial, or other general departmental or center support staff are not considered to be directly involved in the research and should **not** be listed as research support staff.
 - Do not provide biographical sketch for research support staff.

- **Administrative Support Staff** are individuals providing administrative, secretarial, or other general departmental or center support. Administrative support staff may be included in the proposed budget per OMB Circular A21 guidelines.
 - Do not provide biographical sketch for administrative support staff.

Appendix D: Technical Tips and Warnings

Applicants may encounter validation or submission errors due to a few common issues.

1. General Issues with Validation:

- Some applicants find that the system does not validate when the process is complete. Our experience is that most often this is caused by navigation away from a page before the “save” is complete. If you navigate away from a page before the “save” is complete, the information on that page will be lost. A screen refresh occurs automatically when the save is complete, and that is visible by a screen blink.

2. Issues with Institution Profile:

- Some applicants have difficulty finding their institution in the database. Most California research institutions and universities are in the SmartSimple database, in addition to other organizations, particularly those that have applied to TRDRP or other UC programs previously.
- **Note for UC Applicants:** You will need to type in “University of California” in the search box in order to see your campus listed in the dropdown list. If you have difficulty locating the database entry for your institution, please contact us using the information provided at the end of this document.
- If your institution does not appear to be in the SmartSimple database, use the “search the IRS database” feature or contact us to have your institution added to the system.
- **Referees:** If you have a referee who cannot locate their institution in the SmartSimple database or if they are from an institution outside the United States, they may select “Referee Institution” as their institution, and continue with registration and submission of their letter of reference. Contact RGPOgrants@ucop.edu to have their institution updated. Refer to the [Referee instructions](#).

3. **Record Locked Message:** The application can be accessed by one user at a time. If you are unable to edit your application, it is likely in use by another user. A message will appear at the bottom of the screen indicating that the application is currently locked to you. You will not be able to access the application until the first user closes their session.

4. **Unlocking a Budget:** Click the “Unlock Budget” button within the budget interface to revise your budget. Contact the Research Grants Program Office Contracts and Grants unit at RGPOgrants@ucop.edu for assistance with this request.

5. **PI Assistant cannot access the budget even though they were added through the Invite Personnel tab:** The PI and PI Assistant must be registered under the same institution in SmartSimple in order to access the PI’s budget. Contact RGPOgrants@ucop.edu for assistance with updating a user’s institution.

6. **Uploaded Documents Not Appearing in “Preview”:** In some instances a document uploaded to the application in the “Project Personnel” or “Documentation” does not appear in the compiled PDF when the applicant clicks “Preview”. This is usually because of an electronic signature or other issue with the document. For a PDF file, using a “print to PDF” process and uploading the resultant PDF file will resolve this issue.

7. **Submitting the application:** A user who is designated as both Principal Investigator and Signing Official will not be able to submit the application through SmartSimple. The Principal Investigator should designate a different user, who can sign on behalf of the institution, as the Signing Official in order to avoid errors.
